Useful Green House and Bedding

PLANTS

J. E. JACKSON,
Piedmont Green Houses, GAINESVILLE, GA.

Our Specialties: ROSES & CHRYSANTHEMUMS
**How to Get Your Plants Free.**

**THIS PAGE IS OF INTEREST TO ALL. READ IT.**

Here are those who do not wish to spare the money or do not feel able to purchase flowers, although they deeply love and enjoy them. And then there are those who take pleasure in interesting their friends and neighbors in the cultivation of plants, for indeed all communities are the better for a liberal display of flowers. We wish to call the attention of all such persons to the fact that while they are working for us, they are at the same time supplying themselves with plants at no outlay of money to themselves, but are practically getting them free.

### How to Send Club Orders.

Keep each person’s order separate, giving his or her full name, with the amount of the order. Then make your selection to the amount due you, naming plants desired as your discount, signing your name as the getter up of the club.

Do not include collections or special offers in making up your Club Orders, as premiums apply only to price per single plant or bulb.

### How We Pack Orders.

Each person’s plants will be packed separately, with his or her name attached, so you will have nothing to do but deliver the bundle. If the plants are to be sent by mail, and you desire them to be sent direct to the person we will do so when the order amounts to one dollar or more.

Remember that the getter-up of the club is entitled to all discounts. We cannot allow each member of the club to select discounts, etc., and then allow the getter-up of the club to select another discount on same orders.

### Exceptions

These club rates are not allowed on Shade Trees and Magnolias. Or Plants when priced by the dozen. All Roses, Chrysanthemums and Geraniums priced at 5c must not be included in Club rates. Nor can I allow any of these to be selected as Premiums or Discounts. You can readily see the reason for this, as I could not make you a special offer and give you a discount besides. Please remember this when ordering, and, if possible, keep the above exceptions separate from that part of your order entitled to Club Rates.

Positively no Premiums on Roses, Chrysanthemums, Geraniums Listed at 5 cents.

**Express Clubbing Rates.**

- Any person sending $2.00 may select plants at price per single plant to the value of .75 Extra
- Any person sending 3.00 may select plants at price per single plant to the value of $1.00 Extra
- Any person sending 4.00 may select plants at price per single plant to the value of 1.30 Extra
- Any person sending 5.00 may select plants at price per single plant to the value of 1.70 Extra
- Any person sending 6.00 may select plants at price per single plant to the value of 2.00 Extra
- Any person sending 8.00 may select plants at price per single plant to the value of 3.00 Extra
- Any person sending 10.00 may select plants at price per single plant to the value of 4.00 Extra

Positively no premiums on roses, chrysanthemums, and geraniums listed at 5 cts.

**Mail Clubbing Rates.**

- Any person sending $2.00 may select plants at price per single plant to the value of .50 Extra
- Any person sending 3.00 may select plants at price per single plant to the value of .75 Extra
- Any person sending 4.00 may select plants at price per single plant to the value of $1.00 Extra
- Any person sending 5.00 may select plants at price per single plant to the value of 1.25 Extra
- Any person sending 6.00 may select plants at price per single plant to the value of 1.50 Extra
- Any person sending 8.00 may select plants at price per single plant to the value of 2.00 Extra
- Any person sending 10.00 may select plants at price per single plant to the value of 2.25 Extra

Some firms may offer larger discounts on club orders, but my price per single plant is much cheaper and my plants are equal, if not superior, to any that can be had, as they are home grown, and better adapted to our Southern climate. A trial order or a visit to my place will convince any one that my entire stock is in a perfectly healthy condition.

**Individual Orders Allowed Same Premiums as Club Orders.**
GREETING

TO MY FRIENDS AND CUSTOMERS:

PERMIT me to again tender to my friends and patrons the hearty thanks due them for their kindly support, liberal patronage and recommendations during the past seasons. I have spared neither time nor expense in procuring the best of all the late novelties, which, after being tested by me, I offer to you, in addition to all the old standard varieties.

From those who receive this catalogue for the first time, I would ask a trial order, as I feel confident that they will be pleased with my liberal treatment, and promise that all dealings shall be satisfactory. I have secured and retained a well-known practical grower, with long experience, which places me in far better position than ever before to give my customers every attention. Everything is under my personal supervision, making mistakes less liable to occur. However, should an error be made in filling an order, my customers may feel assured that I will promptly rectify it, and do all in my power to give satisfaction.

In conclusion, To those who have so kindly favored me with their esteemed orders and many kind letters, I return hearty thanks, promising, as before, to give full value for money received, and endeavor to make every transaction satisfactory.

Very truly,

J. E. JACKSON,
Piedmont Greenhouses,
GAINESVILLE, GA.

Please do not send me postage stamps. Rather you would deduct from your order the cost of Money Order.
ROSES.

No flower is so universally popular as the Rose, the "Queen of Flowers." It is everywhere wanted and always admired. The demand for roses is increasing every year, and I feel justified in stating that my collection this season is unsurpassed.

Roses will grow in any ordinary fertile ground, but they are particularly fond of a heavy soil, liberally enriched and well cultivated. The ground should be well spaded and pulverized to the depth of a foot or more, and enriched by digging in a good coat of any well-decayed manure. When the ground is thoroughly prepared, fine and in nice condition, put in the plant slightly deeper than it was before, and cover it with fine earth, taking care to draw it closely around the stems and pack firmly. It is important that the earth be tightly pressed on roots; water immediately after planting, so as to settle the soil, and if hot or windy, it may be well to shade for a few days. The ground should not be allowed to become hard, but should be stirred frequently with hoe and rake so as to keep light and mellow, as well as free from weeds and grass. The proper time to prune is early in the spring before growth has commenced; no exact time can be given, as that depends on the locality. The Hybrids must be cut back severely. They bloom best on strong, new wood. In pruning the Ever-blooming Roses, all winter-killed branches should be removed, also the wood which has become exhausted after several years' blooming and younger shoots should be allowed to take their place.

The Plants Offered in This List are well grown and strong, according to varieties. Always remember that some varieties, and often the finer ones, are of dwarf habit. I name only the most popular, vigorous and free blooming Roses, but can supply any others.  

SPECIAL PRICES ON GENERAL LIST OF EVER-BLOOMING TEA ROSES.

Strong Plants from 2 1-2 inch pots, 5c each; 10 for 50c, 20 for $1.00. Our selection of varieties (many from the new and scarce list) 25 for $1.00. Strong two-year plants, 20 cents each; $2.00 per dozen.

Adam—(See President, Page 6.)
Archduke Charles—Brilliant, crimson, scarlet shaded with violet-crimson; large double and sweet; a splendid Rose.
Augustine Guinard (White La France). Another distinct sport from La France, identical in habit, form and vigor, but in color it is a delicate blush at the center, growing lighter and lighter until along the edges it is almost pure white.

Money Order or draft must accompany the order, as I do a strictly cash business and have no open accounts in the Mail Order Department.
Bon Silene—This splendid old variety still holds its own against many of the new sorts. Noted for its buds; color, rosy carmine, shaded salmon; sweet and beautiful.

Bridesmaid—A fine, clear, dark pink, the counterpart of Catherine Mermet in every particular, excepting that it is deeper in color.

Burbank—A free flowering ever-blooming Rose raised by Mr. Luther Burbank, known the world over as the "Wizard of Horticulture." The only Rose which he was willing should bear his name. Color, deep pink.

Baronne Berge—A fine grower, flower medium to large; double; color bright rose with center of yellow.

Bride—White with delicate flush on outer petals; very beautiful in bud or open flowers; blooms profusely.

Bougere—Fine old sort; color bright Latvia France pink; never blights; always covered with perfect flowers. Try it.

Christine de Neuve—Color crimson; fine buds and quite double.

Countess Anna Thun—It is of immense size and most lovely and perfect form. Color, a beautiful citron yellow with coppery and peach center. Shading to orange-salmon and silvery pink.

Clothilde Soupert—Medium size; full round flowers. Beautiful pinkish amber or cream delicately flushed with silver rose.

Catherine Memorial—Bright flesh color; full and finely formed; decidedly one of the finest Teas.

Countess Eva Starbemberg—The bud is long in form, opening into fine double flower of great beauty and heavy texture; color, creamy yellow, shading to ochre at the center; borders of the petals touched with rose.

Caroline Fochier—Extra large, full and double globular flowers; flesh colored rose with salmon
center. Free blooming and vigorous. One of the best roses.

Comtesse de la Barthe—Few Roses equal this in freedom of flowering. None surpass it in either fragrance or vigor. The flowers are richly shaded amber and salmon.

Comtesse Riza du Parc—Coppery Rose, tinged with soft velvety-crimson. The flowers are large, full and very sweet. A profuse bloomer. (See page 11.)

Coquette de Lyon—Canary yellow; very pretty buds; a free bloomer.

Cornella Cook—This beautiful Rose is in great demand for its magnificent buds, which are large, perfect and pure white.

Champion of the World—(Mrs. De Gray)—This Rose has all the good qualities of an ever-bloomer. It is quite hardy and possesses that delicious, old-fashioned Rose fragrance so much sought after in an ever-blooming variety.

Charles de la Grady—Rich carmine; shaded violet-crimson. Sweet, large, vigorous.

Charles Revell—Large, fine flowers; color, a lovely shade of silver rose; sweet and beautiful.

Devouhlaas—(Magnolia Rose)—A most beautiful Rose, with a large shell-like white petal, the tips and inner surface delicately flushed with rose; deliciously sweet.

Duchesse de Brabant—Soft, rosy pink petals, edged with silver, an extra good bloomer; sure to please.

Duchess of Albany—A sport from La France, retaining all of the characteristics of the type with the bloom three or four shades darker.

David Prado—The flowers are produced in wonderful profusion on long, straight shoots; double to the center. The color is an exquisite blending of lilac and rose, with a delicate rich crimson center.
Dr. Griff.—Coppery yellow with a rose reflex, back of petals shaded China rose.

Enchanted—A large, fine flower of globular shape: creamy white, tinted buff at the center. Plant a strong, healthy grower; free bloomer.

Etiole de Lyon—Beautiful chrome yellow deepening at center to pure golden yellow; one of the best.

Francis Subreuil—Large, bright crimson, with velvet shadings. A fine tea Rose.

General de Tirtas—A first-class Rose for bedding; brilliant carmine, large size; very double, full and fragrant.

Golden Gate—Flowers are large, very double and full. Color, rich, creamy white, tinged and shaded with yellow; petals large, broad and frequently bordered with clear rose.

Green Rose—(Virdiflora)—Flowers quite double; pure deep green; a great curiosity and a good grower.

Gardenia—One of the prettiest and daintiest of Garden Teas; is fine in foliage, very free in bloom. Its buds are slender and pointed as they open, showing a flesh-pink center surrounded with snowy white. The open flower recurs its petals, which are of a heavy texture, and its form at once shows the origin of its name, while the color now is the purest paper white. A free grower and very free bloomer.

Grazzella—A quick, free and heavy grower. Commences to bloom early and continues throughout the season. Large, finely formed flowers. The color is creamy white, clouded with a faint blush.

Henry M. Stanley—The color is a rare shade of amber rose, delicately tinged with apricot yellow toward the center. Reverse of petals clear buff rose. The flowers are extra large, finely formed, full and fragrant.

Hermes—Bright rose color; constant bloomer. One of the hardiest Roses.

Ivory or White Golden Gate—Golden Gate has become so well known to all Rose growers as an extremely free forcing variety of the largest size, that all will understand what the new Rose Ivory is like when it is described as a pure white Golden Gate, a sport from that variety.

Isabella Sprunt—Bright canary yellow; beautiful buds; very fragrant and free.

Jean Perse—Light yellow suffused with salmon-yellow; large size, beautiful buds.

Jules Figer—Extra large and finely formed flowers; full and fragrant. Color, beautiful rosy scarlet, beautifully shaded with crimson; a vigorous grower and a free bloomer.

Kaiserin August Victoria—A vigorous grower; flowers large to extra large, and very double; imbricated. Color, creamy white, with shining center of yellow. None better.

Le Pactorie—Pale sulphur color; beautiful buds; sweet tea scent. A splendid Rose.

Louis Philippe—Rich, dark, velvety-crimson; profuse bloomer. This is an excellent bedding Rose.

La Princess Vera—Flowers are large and double; color, white or coppery yellow, delicately shaded with pale blush.

La France—The oldest and best of the Hybrid Teas; deliciously fragrant; very large, full, round globular form; extra fine.

Leonie Osterleih—(White Soupert)—For description see page 6.

Luculus—(The Black Rose)—Splendid, large, dark crimson, extra full and fragrant, very double and perfect; free bloomer. Excellent for bedding and garden culture.

Magnolia Rose—(See Devonensis.)
MARIE GUILLET—One of the standard varieties of Tea Roses; splendid for any use; especially desirable for summer Rose beds, color, pure white.

Marie Caimais—Rich creamy-flesh, changing to lovely fawn with rose center; very large, perfectly double and exceedingly sweet.

Marie de Bau—Rich flesh, color full and double; a vigorous grower and a free bloomer.

Marie Van Houtte—A lovely Rose; color, white tinged with yellow, delicately shaded with pale rose on outer petals; full and double; sweet tea scent; extra good Rose.

Marquis de Vivens—The color is a novel shade of rich crimson with center and base of petals creamy yellow, exquisitely tinted salmon and fawn; very sweet and a constant and profuse bloomer.

Maman Cochet—One of the best. It is of strong, vigorous growth; the flowers are large, of perfect form and produced on long, stiff stems. Color, deep rose-pink the inner side of the petals being of silvery rose.

Mosella—(Yellow Soupert)—This is really an elegant Rose. The center is a deep orange yellow, shading to lighter lemon yellow on edge of petals. It is a remarkably free bloomer; flower large and will please everybody.

Meteor—A rich velvety-crimson, bright and striking; a constant and profuse bloomer; very sweet.

Medea—Flower a bright lemon, with canary yellow center; foliage dark and thick. In color like Perle.

Mad, Welche—Beautiful amber delicately tinged with yellow.

Marie Lambert—(See Snow-flake.)

Marie Graham—The latest addition to the C. Mermet family, being a sport from that fine variety—identical with it in everything except color, which is creamy white suffused delicate pink, a color intermediate between Mermet and Bride, and as dainty as possible to imagine; a nice addition to our bedding varieties.

Mad, Cecilia Berthod—Beautiful buds, very large double and full; delicious tea fragrance; deep clear yellow.

Mad Margottin—This is a grand Rose, always a favorite; very large, perfectly double flowers; elegantly perfumed; color, beautiful dark citron yellow, with red center.

Mad, Schwalger—The color is a bright, rosy flesh, paler at the base of the petals and deepening on the edges. Apt to come in clusters, which are elegant for cutting.

Mad, de Watteville—Color, beautiful creamy-yellow, tinged with rosy-blush; large, shell-like petals, having bright crimson-shaded border.

Mad, Angèle Veyset—(Striped La France)—A magnificent Rose, identical in all respects with its parent, La France, except in two particulars; is much stronger in growth and the Flowers are beautifully striped and shaded with a delicate white.

Mrs. DeRraw—(Champion of the World)—A fine ever-blooming hardy garden Rose of vigorous growth; flowers of medium size; color, rich, glossy pink. Very fragrant.

Mad, Lambard—A first-class Rose; extra full flowers, double and sweet; beautiful Rose color, tinged salmon and buff; buds and reverse of petals crimson.

DEVONIENSIS. (See page 3.)

Marie Lambert—(See Snow-flake.)

Marie Graham—The latest addition to the C. Mermet family, being a sport from that fine variety—identical with it in everything except color, which is creamy white suffused delicate pink, a color intermediate between Mermet and Bride, and as dainty as possible to imagine; a nice addition to our bedding varieties.

Mad, Cecilia Berthod—Beautiful buds, very large double and full; delicious tea fragrance; deep clear yellow.

Mad Margottin—This is a grand Rose, always a favorite; very large, perfectly double flowers; elegantly perfumed; color, beautiful dark citron yellow, with red center.

Mad, Schwalger—The color is a bright, rosy flesh, paler at the base of the petals and deepening on the edges. Apt to come in clusters, which are elegant for cutting.

Mad, de Watteville—Color, beautiful creamy-yellow, tinged with rosy-blush; large, shell-like petals, having bright crimson-shaded border.

Mad, Angèle Veyset—(Striped La France)—A magnificent Rose, identical in all respects with its parent, La France, except in two particulars; is much stronger in growth and the Flowers are beautifully striped and shaded with a delicate white.

Mrs. DeRraw—(Champion of the World)—A fine ever-blooming hardy garden Rose of vigorous growth; flowers of medium size; color, rich, glossy pink. Very fragrant.

Mad, Lambard—A first-class Rose; extra full flowers, double and sweet; beautiful Rose color, tinged salmon and buff; buds and reverse of petals crimson.

Try 25 Everblooming Roses of my selection for $1.00. They are all fine and will be sure to please you. My Roses all bloom freely the first year they are planted.

Mad. Camille—Delicate rosy flesh, changing to salmon rose; immense double buds; fine tea fragrance.

Mad. Francisca Kruger—Deep yellow, sometimes rich and glowing, and at other times dark with shading of copper and rose; large and double; strong habit.

Mad. Laurette Messerly—A fine bedder and constant bloomer; large sized flowers; bright china-pink, with rich coppery-yellow shadings.

Ophelia—Pure white; one of the best bloomers; a strong grower.

Perle des Jardins—This Rose will retain its position as the finest of its colors ever introduced. Highly perfumed; beautiful golden yellow.

Princess Venus—A strong grower, producing a strong bud; flowers large and beautifully formed. Color, nankleen yellow, with shadings of carmine; a most remarkable combination of colors.

President—Splendid, large flowers and buds, very double and full; color soft rose; good.

Papa Goutier—One of the most fashionable Roses, similar to the old Bon Silene in its delightful fragrance, but larger, more double, and far richer in color.

Princesse de Sagan—A very strong, vigorous growing Rose; the color is a fine, dark velvety-crimson.

METEOR.

Queen Scarlet—A constant and profuse bloomer; color, rich velvety-scarlet.

Regulus—Large, perfect form; brilliant crimson with rose shadings.

Raisin—Elegant flowers of immense size; bright pink dashed and streaked with cherry-red; magnificent buds.

Sav. de Rambeaux—Color, rich, silvery rose; good size flowers; perfect form. Sure to please.

Sav. de Mad. Pernet—Salmon pink, base of petals shaded with yellow.

Sylph—Ivory white, tinted peach; large, with deep stiff petal; erect, free habit, very free in bloom. A most promising bedding variety, as it is very hardy for a tea and the flowers last well.

Snowflake—(Mary Lambert)—A lovely white Rose and the freest flowering White rose we have seen. For a pot plant it cannot be excelled.

Safir—Bright apricot yellow, tinted with rose, valued for its beautiful buds.

Sav. de Germaine de St. Pelier—Very showy and attractive; color, bright purplish crimson, very vivid and striking; constant and profuse bloomer; large and sweet.

Striped La France—(See Mad. A. Veyset.)

Triumph de Pernet Pere—Flowers extra large, having broad, thick petals and long buds, with delicious tea fragrance; color, fine, bright red.

The Queen—A vigorous, healthy grower, and very sweet; pure white.

Valle de Chamounix—The coloring of this Rose is simply exquisite; the base and back of petals are a bright yellow, the center slightly colored with glowing copper and rose.

White Souvenir—We have given this Rose an excellent trial. The buds are of the large size, the flowers full, double and deliciously fragrant; pure porcelain white with deep center.
White Bon Silene—This elegant variety is valued for its buds which are identical with Bon Silene, except in color, which is pure white. It is a sport from Bon Silene and has the same vigorous habit of growth. It is exceedingly fine for open ground planting.

White Maman Cochet—Identical with Maman Cochet, except the color is white; very desirable. Best white rose grown.

White Bougere—For open ground planting it has no superior. The flowers are unusually large, deep, full and double; long stiff stems and borne throughout the season in great abundance; color, pure ivory-white. Better than Niphetus.

White La France—(See Augustine Guinoiseau, page 2.

Yellow Soupert—See Mosella, page 5.

Do not be afraid to try my 5 cent Roses. They are home-grown, acclimated, and as large and well rooted as plants you pay twice and three times as much for from Western houses.

We always add extra plants in express orders to help defray the express charge, and in mild weather we use light baskets for packing.

I am satisfied that February and March is the best time to plant Spring Roses or as soon after freezing weather as possible.

PLEASE NOTE.

Every Rose Plant I offer is grown from a cutting, (not budded or grafted) so that if killed down by a severe frost the shoots which are sent up from the roots are genuine.
8
J. E. Jackson, Gainesville, Georgia.

SELECT, NEW, RARE AND SCARCE ROSES.

Marie Guillot. [Page 5.]

Ada Carmody—A new variety of the delicately tinted class. The ground color is very white, beautifully tinted and edged with various shades of pink, the center slightly tinged with yellow. [Large and full

3 NEW ROSES. BABY RAMBLERS.

The Dwarf Everblooming crimson, white, and pink Baby Ramblers, in bloom all the time.

These Roses bloom when small plants in 2 1/2 inch pots, forming clusters of flowers as large as the Crimson Rambler, is of bushy, compact growth forming plants about 18 inches high. Strong plants from 2 1/2 inch pots, 10c each; the three varieties for 2 1/2 inch pots, 10c each, 25c, strong two-year-old plants, 25c each.

Baldwin, or Red Kaiserin Augusta Victoria—[Same as Helen Gould]. 15c; two-year-old, 25c, $3.50 dozen.

Bessie Brown—A Rose of transcendent beauty, totally distinct and one of the largest and fullest we have ever seen, flowering profusely in open ground all through the summer. Color, pure white, some times faintly flushed pink; petals enormous and of shell shape. Received gold and silver medal from the National Rose Society, England. 15c; strong 2-year-old plants, 35c each, $3.50 per dozen.

Boadicea—This is an elegant, new Ever-blooming Rose; fine, large tulip-shaped flowers, full and double; pale sulphur yellow, passing to rich, creamy

All Nice, Strong, Well Rooted Plants from 2 1/2 inch pots.
These Plants are at this date, August 1st, 1907, rooted and growing in pots.

PRICE, 10c each, except otherwise noted. Strong 2-year-old plants, 25c, $2.50 per dozen, except where noted.

Admiral Schley—Named in honor of the hero of Santiago, and in every way worthy of that illustrious distinction. Magnificent Hybrid Tea Rose, with flowers finely formed; deliciously fragrant, and in color a deep crimson. A strong grower, free bloomer, and a variety that should be grown in the home of every American citizen. We predict for it that it will become one of the most famous of Roses. 15c. Two-year-old plants 35c each, $3.50 per dozen.

American Beauty—Good, strong grower and free bloomer; full double and extra sweet; color, rich, rosy crimson, exquisitely shaded; very handsome. 15c; 2-year-old plants, 35c each, $3.50 per dozen.

Admiral Dewey—Delicate blush pink shading to white; globular flower. A sport from Madame Caroline Testout. 15c; two-year-old plants 35c each, $3.50 per dozen.

BABY RAMBLERS.
pink: petals edged with bright rose. 15c each; strong two-year-old plants each, 35c., $3.50 dozen.

New Rose, "Birdie Blye."

This splendid Rose originated in 1900 and is the result of a cross between "Helene," a fine, hardy, climbing Rose of the Crimson Rambler type, and the popular Tea Rose, "Bon Silene. It forms a fine, handsome bush three to four feet high, with glossy foliage, and blooms constantly from early May till freezing weather, producing at the end of every shoot clusters of bright, satiny rose blossoms, quite double, intensely fragrant, and over three inches in diameter. The buds are long and pointed in color a bright carmine until they are open. 15c. Strong year-old plants.

Crown Princess Victoria—[White Malmaison]—The color is a pure, waxy, snow white, sometimes has a lemon tint, never pinks, and to those who desire a fine double flower when fully expanded this will meet their wants as it is very beautiful when in full bloom. 15c; two year-old plants, 35c; $3.50 dozen.

Clara Watson—Of large size; color, salmon pink, blended with blush pink at the center edge of petals shading to yellow at center; a strong grower and profuse bloomer.

Céline Forestier—Pale sulphur yellow; large, full flowers; perfectly double; very pretty.

Empress Alexander of Russia—An exquisite new Rose of a novel and very taking shade of color. The buds are bronzy salmon; open flowers, rich lake red, shaded with orange and fiery crimson; very large, full and globular; of vigorous growth and of extraordinary freedom in blooming; the flowers, producing a splendid effect, both on the plant and when cut. 15c; two-year-old plants, 35c each, $3.50 dozen.

REMEMBER:

My Catalogue is free to all who grow flowers, either for pleasure or profit. I will thank you for the address of such friends.

Customers who wish to send me personal checks on local banks MUST add 10 cents exchange, as I have to pay this amount on every check, unless it is Atlanta or New York exchange.

Let me send you 25 Ever-blooming Roses, and if they do not please you, return them and I will refund the money.—J. E. J.
MADAM JEAN DUPUY.

Helen Good.—Helen Good is a genuine Cochet, being a sport from the world-famous variety Maman Cochet. It is identical in foliage, growth, size and shape of flower with Maman Cochet; its only difference being its color. It is a delicate pink, each petal edged deeper, resembling Golden Gate in color, and is totally distinct from Maman Cochet. 20c. each; strong two-year-old plants 50c.

J. B. Varoune.—Color a soft china-rose, changing to bright carmine of even shading. An extra good rose and very sweet.

Lady Battersea.—This variety has long pointed buds of the largest size and very striking in form; the color is bright cherry crimson; the stems are stiff and extremely long; a vigorous grower and free in bloom. 15c.; two-year-old plants 35c.

Lady Mary Corry.—Growth vigorous and of erect, branching habit; blooms of good size, freely produced and perfectly formed; color, yellow; distinct and fine. 15c.; two-year-old plants 35c.

Elefant de France.—The Gold Medal Rose of France, and claimed by the Kaiser, J. Pernet Ducher, of Lyons, France, to be the finest Rose he has ever seen. His personal experience with him that it has no superior. A very strong, vigorous grower; with handsome, green-bronzy foliage, and exceedingly free-flowering. Flowers are very large and borne on good, long, stiff stems; color a lovely shade of clear, red-crimson velvet; very fragrant, and keeps well. 20c. each; strong two-year-old plants 50c.

Franz Deegen.—A seedling from Kaiserin Aug. Victoria. This beautiful yellow Hybrid Tea is a fine grower. The outer petals are of about the color of Perle des Jardins; the inner petals a good orange shade, very deep and rich. It is a constant bloomer, opening its buds freely; a strong healthy grower, not subject to mildew. 15c.; strong two-year-old plants 35c., $3.50 doz.

Francis E. Willard.—A strong and vigorous grower and true ever bloomer; pure snow white buds, and flowers are of the largest size and perfect form. Exceedingly fragrant. 15c.; two-year-old 35c., $3.50 doz.

Gruss an Teplitz.—As a bedding Rose this is one of the finest. Color, scarlet shading to velvety crimson; the finest grower and most profuse bloomer of any ever bloomer; foliage is beautiful. all the younger growth being a bronzy plum color.

Helen Good.—This is one of the strongest growing and finest blooming Hybrid Teas ever known. In color, is rich glowing crimson, being equal to America Beauty in size and form. Buds long and pointed, forming full double blooms. 15c.; two-year-old plants 35c.

Killarney.—A splendid new Rose, beautiful large pointed buds and extra large flowers; bright, rich coral pink, very fragrant and beautiful. 20c.; two-year-old 35c., $4.50 doz.

Helen Cambier.—Strong and very vigorous, with beautiful foliage; flowers large and full, varying from rosy flesh and salmon to copper; an extra fine and showy variety.

Madam Abel Chatenay.—A great Rose of extraordinary merit. A free bloomer with flowers of good size, rosy carmine with darker shadings; full double and of splendid substance.

Mrs. Robert Garrett.—The best of the Testout family. The color is a magnificent glowing true pink, a color which shows to advantage under any light.

Mad. Caroline Testout.—A charming variety of the LaFrance type; flowers large and double; color, bright satiny pink with Rose center; strong grower; free flowering and very fragrant. 15c.; two-year-old plants 35c., $4.00 doz.

Mad. Jean Dupuy.—A lovely high class Rose; color, fine creamy pink with golden yellow center; outer petals edged with red; large, fully double and very sweet; a constant and abundant bloomer; almost thornless.

Maddalena Scajaroni.—Strong growing, very hardy, free blooming, producing in great profusion large, cup-shaped, well filled flowers. Color, rich dark pink on yellow ground. Extremely handsome. 15c. each; two-year-old plants 35c.

Our Roses are all Home Grown. Consequently are Better Suited for Our Hot Climate. Satisfaction Guaranteed. Remember, all my Roses, 5c. ones as well as two-year olds, bloom freely the first year they are planted.
Magalena—This grand Rose is the result of a cross between the splendid Hybrid Perpetual Rose, Magna Charta, with the beautiful and well known Safrano Tea. It is named after both parents, Magna Charta. It combines all the hardiness and vigor of the Magna Charta, with the free blooming habit and delightful fragrance of the Tea Roses. The flowers are extra large, full and double and deliciously sweet. The color is deep, bright-shining red, very rich and handsome. The bush is a strong, upright grower and a constant bloomer. Recommended for garden planting and also for cut flowers. 15c.; two-year-old plants 35c., $1.00 doz.

Madam Badin—A fine variety. Flowers large and full; color bright carmine; habit of growth and bloom free. 15c. each; two-year-old plants 25c.

Mrs. B. R. Cast—A splendid new garden Rose; solid, even color; clear, bright rosy pink; large size, perfectly double and full; heavy bloomer, particularly fine in the fall, and is a clean handsome grower.

Madam Desepas Matra—See Yellow Cochet, page 13.

Madam Jules Grolier—An exceedingly free blooming variety, with very bright, large and finely formed flowers; color, a distinct and charming shade of satin-pink.

Madam Caroline Kunter—Pale orange yellow, clean and distinct; very desirable.

Madam Jules Graveraux—A splendid new Rose of highest value. Makes long-pointed buds and extra large, double flowers of excellent substance. Color, a pretty shade of chamois yellow, with rosy peach center; very beautiful and a free bloomer. 15c., two-year-old, 35c.

Neep Century—This is a cross between Clothilde Soupert and Rosa Rugosa Alba. It is a stout, upright grower, different in habit to any other Rose. Color, a beautiful satiny pink bordered with creamy white; extra large, full flowers borne in fine clusters; delightfully sweet briar fragrance.

Nightet—An elegant Tea Rose; very large and double, and deliciously sweet; color, white. Highly valued for its lovely buds. 15c. each; two years. 35c.

Princess Bonne—Deep red with band of white down center of petals; buds long and pointed; semi-double; plant is continually full of buds and flowers. A fine Rose for outdoor bedding and massing. 15c.; 2 year old plants, 35c.

Pillar of Gold—The color is a deep yellow flushed with coppery yellow. Reverse of petals shows touches of bright rose. you have seen the deep yellow of Madlle Francisca Kruger in the fall when the nights get cool, then you get an idea of the deep golden yellow of this Rose. At times it is variable in color, coming in beautiful Bridesmaid pink. Base of petals deep golden yellow. It will attract every one who has had the pleasure of seeing it. Yellow climbing Roses outside of Mme. Elvira Cochet are seldom mentioned, but in Pillar of Gold we have a jewel. The blooms are double to the center, of the largest size and come in immense sprays or bunches of from five to ten blooms on a single branch, and the effect throughout the summer is a perfect sheet of gold. Price, 15c.; strong two-year-old plants, 35c.

Richmond—This is the best red forcing variety yet produced. It is of strong and rapid growth. Has very near the same color of colonel Liberty, with more scarlet and does not blue with age. Produces freely throughout the season long pointed buds on tall straight stems with elegant dark foliage. Has a delicate fragrance as American Beauty. Was awarded the silver cup at the World's Fair for best seedling Rose and a special silver cup at Chicago for best seedling. 15c.; strong two-year-old plant, 35c.

Souvenir de Pierre Notting—This variety is a seedling of M. Neil and Maman Cochet, with beautiful closely set foliage, and a strong bushy growth. The bloom is very large, perfectly full, of elegant form—has a beautiful long bud; the colors are very bright, distinct and clear, and have no unpleasant tones—orange yellow bordered in carmine rose. Promises to be very popular. Has received not less than six gold medals and prizes. Price 15c. each; two-year-old plants, 35c.; $1.00 dozen.

Soso; 4c. Wootas—Flowers rich crimson color; unusually fragrant. A splendid variety for open air culture and for cut flowers.

Sweet Little Queen—Flowers are large and, rich cream yellow center shaded orange and blush. 15c. each; two-year-old plants, 25c.
NEW ROSE—SUNRISE—See Page 13.
NEW WHITE ROSE, BESSIE BROWN. (See page 8.)

Sunset—The color is a remarkable shade of rich golden amber; elegantly tinted and shaded with dark, ruddy copper.

Sunrise—The most gorgeous Rose of its class yet introduced. In close bud form it shows the high brilliant colors seen only in the Austrian copper scarlet and yellow; as it opens, the color deepens, the scarlet turning to deeper red the yellow to orange and copper, the inside of the petals golden yellow. The open Rose is large, double and of grand form; the foliage is glossy and thick, the new growths being the darkest and most beautiful found among Roses. 15c; two-year-old plants, 50c; $1.50 dozen.

Souv. de President Carnot.—This is an ideal Rose, combining strong, vigorous growth with long-stemmed, large flowers of great substance. A grand garden Rose. Color, light pink; edge of petals flesh color.

Souv. de Jean Cabard—One of the greatest Roses ever offered; extra large, full and double; wonderfully colored; outer petals coppery yellow; center apricot and carmine.

Sir Thomas Lipton—We have had this splendid Rose on trial and now take pleasure in recommending it as the finest pure white Hybrid Rose yet produced. It is a strong, vigorous grower, making a handsome bush. The flowers are perfectly double, very fragrant and borne on strong, upright stems all through the growing season. It does well everywhere and can be depended on to produce plenty of large double, pure white roses several months every season. It is especially recommended for cemetery planting, because of its handsome appearance, perfect hardiness and entire freedom from insect and disease. Price, good strong plants 15c; each two-year-old plants, 25c.

Uncle John—(Pink Golden Gate)—This magnificent Rose is a sport from the well-known Golden Gate. Identical in character, but a stronger grower and better and larger flowers of a beautiful satiny-alk color. Much admired in the large flower markets.

Viscountess Folkstone—Always scarce; a gem among Roses. Very large; color, white illuminated with shell pink. 15c; 2 years, 35c.

Virginia R. Cox—(See Gruss and Teplitz; page 10.)

Winnie Davis—The color is difficult to describe. In small bud it is reddish, developing into a yellowish pink shaded to salmon, when fully open resembling a yellow bedder, ranking with the White and Pink Cochets in value as a Summer Rose. 15c; strong two-year-old plants, 55c.

Plants Shown In this List are Same Size and Quality as Our 5-cent Roses, See Cut, Page 2.
Ever-Blooming Climbers.

The Noisettes and Climbing Teas are included in this Class, which is Especially Valuable in the South for Covering Porches, Arbors, Trellises and the Like.

THE PLANTS OBTAIN GREAT LUXURIANCE IN OUR CLIMATE.

All Nice, Strong Plants, Well Rooted, from 2 1-2 inch pots. Price, except otherwise noted, 10c each, $1 per doz. Strong 2-year-old plants 25c. Except Otherwise Noted.

Climbing Mme G. Testout—An exact counterpart of Mme. C. Testout, except that it is a very vigorous climber. 15c; two-year-old plants 35c.

Climbing Perle des Jardins—A sport from the well known Perle des Jardins, retaining all the characteristics of that popular variety, excepting that it is of a strong climbing habit.

Climbing Marie Guillot—Of a semi-climbing habit, and is identical in bloom with Marie Guillot, the loveliest of all white Roses in bloom. It is worthy of a place in any flower garden.

Climbing Malmaison—A climbing form of the old favorite; very valuable on account of its color.

Climbing Rose, May Queen—A vigorous growing climber, with handsome foliage, and a prodigious bloomer; extra large, round flowers; delightfully scented and borne in large clusters; color, clear, coral pink; very bright and handsome.

Climbing Kaiserin, or Mrs. Robert Peary—The most remarkable new Rose of recent introduction. A offspring of that grand variety, Kaiserin Augusta Victoria. 15c; two-year-old 35c.

Climbing Clothilde Soupert—Same as the old Clothilde Soupert except that it is a fine climber; blooms identical and just as free.

Climbing Wootton—A climbing variety of this fine Red Rose that is bound to be very popular. A strong, rapid grower, throwing long thick canes and bearing large clusters of true Wootons, will be of the greatest value as a free blooming red climber.

Climbing Bridesmaid—Identical with Bridesmaid in every respect.

Cloth of Gold, or Chromatella—A clear, golden-yellow; large, very full and double; highly fragrant. Much prized in the South for pillars and verandas.

Climbing Meteor—A rich, velvety crimson; very bright and striking; a continuous and profuse bloomer; very sweet.

Climbing Devoniensis—White flushed pink, magnolia fragrance.

Crimson Rambler—The only one of the set of the four Ramblers that is worth its room.

Estelle Pradel—[Zelia Pradel]—Lovely, fine, white buds; full and sweet; a profuse bloomer and strong grower.

James Sprunt—[Climbing Agrippina]—A rich, dark crimson; very strong grower.

Lamarque—Pure white, with lemon-colored center; a good grower.

Mary Washington—Flowers pure white, very sweet, produced in large clusters from early spring till frost. It is a strong grower and quite hardy.

Maréchal Nell—The grandest Rose of any kind or color. The immense size and dark yellow golden color of Maréchal Nell flowers are familiar to all. 15c; 35c; 50c. 75c and $1 each, according to size.

Pillar of Gold—For description and price see page 11.

Reine Marie Henriette—Clear cherry red. A strong, vigorous grower. 15c; two-year-old plants, 35c.

Soliflette—Sulphur yellow; large, full, handsome.

William Allen Richardson—Orange-yellow, outer petals lighter, center coppery yellow. Strong grower; good bloomer.

Try 25 Ever-blooming Roses of my selection for $1. They are all fine and will be sure to please you. All plainly labeled and no two alike.
HYBRID PERPETUAL ROSES

All Roses of this class are perfectly hardy. The flowers are very double and of immense size, delightfully fragrant, and of the most gorgeous and dazzling colors, but they do not bloom perpetually as their name would lead one to suppose. They will give one grand crop of bloom in the spring, and some sorts bloom occasionally in the summer and fall.

Price, from 2½-inch pots, 15c. each, $1.50 per dozen; two-year-old plants 25c., $2.50 dozen.

Mrs. John Laing—A splendid and constant-blooming Hybrid Perpetual, immense flowers, full and double, on long, stiff stems.

Mad. Masson—The flowers are as large as American Beauty, and same color—a deep rose, or bright red, highly perfumed, and a constant and free bloomer.

Paul Neyron—Flowers immense, and probably the largest Rose grown, and one of the finest. Color, deep pink, very double and full, fine scented, with no suspicion of coarseness.

Prince Camille de Rohan—This variety is always a prime favorite with everybody. The richest crimson.

Roger Lambein—One of the most remarkable Roses. Petals irregular on edges like a double Petunia. The color is glowing crimson throughout, except the edges of the petals, which are all distinctly marked with a white band, forming a sharp contrast and the most unique combination of colors known in Roses.

Ulrich Brunner—Extra large, bold flower, full and globular. Color, rich, glowing crimson, elegantly flamed with scarlet.

My customers keep me overstocked with stamps. It is all right to send stamps for fractional parts of a dollar, but in sending one-dollar and two-dollar orders, it is just as safe to send the paper money as the stamps, but Money Order is absolutely safe and preferred. Please do not send stamps.

SPECIAL EXPRESS RATE

Special Rate on Plants guaranteed by all leading express companies. One hundred pounds rate less 20 per cent. discount from general merchandise rate. To illustrate: Should the rate from Gainesville to your place be $1.50 per 100 pounds, and your package weighs 30 pounds, the rate is figured at $0.15 cents a pound, which is 45 cents less 20 per cent., which is 9 cents from 45 leaves 36 cents.

The minimum charge in Georgia being 25 cents, and out of Georgia 35 cents. This will enable all to get their plants by express, which is cheaper to you in the end than to ship them free by mail, where all soil is washed off the roots, etc., damp moss taking its place. The above is guaranteed by the Southern Express Company here.—J. E. J.
How an Amateur May Grow Chrysanthemums

The first important item in growing potted Chrysanthemums is the proper preparation of the soil. One-third manure and two-thirds sods, stacked together and rotted (must be thoroughly rotted) and run through a coarse sieve is best.

To one bushel of this soil a double handful or pure "bone meal," one handful of lime and one of wood ashes, and you are ready for potting. Drainage is of most importance, for without it the surplus water will sour the soil, the roots will decay and all your labors will have been in vain. About April 15 to May 1, get good healthy plants from some reliable Florist, and repot them at once in 3-1/2 or 4 inch pots, and when the pots are filled with roots repot into six inch pots, and from these, when filled with roots, into 9 or 10 inch pots.

In making the final shift, leave 1 1/2 or 2 inches of space at the top of the pot to receive water, and later on, when the buds appear, this space can be filled with manure to act as a stimulant. Immediately after the last potting, plunge the pots in the ground up to the rim, place your pots in rows 2 feet apart by 1 foot, and water only when it is needed. Never allow the soil to become dry enough to wilt the plant. With a soft cord fasten the plant to a small, neat cane-stake plunged deep enough to make steady, and if the branches are inclined to fall over, tie around the plant a cord which will act as a hoop and keep it in shape.
If a bush plant is desired, when the plant is about six inches high, pinch out the top; this will cause other branches to appear, and when these branches are 1 or 5 inches long pinch the top out, and so on until July 15, when you must give the final pinching. At this season you begin to feed your plants with manure water made by putting a shovelful of cow manure into a half barrel of water. Give this once a week until the buds begin to form, then you can increase to twice a week. As the buds begin to swell, give it three times a week until the buds begin to show color. Then give it once a week and as the buds begin to unfold withhold all stimulants. I omitted to say that soot water was good, given, say once in two weeks, in place of manure water, but if you must not have it too rich: prepare it as you would for your vegetable garden. In case you have some plants that stood over winter and they come up in clumps, you must take them up and plant them, only one sprout in a place.

I will tell you how I grow some of my finest blooms. I prepare the ground as above stated, and then plant in rows 2-12 feet apart and 1 or 5 inches apart in the rows. Train plants to one flower only. Place stakes 12 inch thick and 4 feet high, 17 feet apart in the rows, and fasten to these stakes by giving a cord one turn around each stake. Three cords, 12 inches apart will be necessary, the first one 12 inches from the ground. Stretch them from one end of the row to the other, and tie the plants to these cords as fast as they are ready to tie and be tied. The best results of cultivation, and water if needed during dry, hot weather. When the buds appear take off except one to each plant as fast as they appear. At this time give them manure water (same as used for pot plants) about every ten days until they show color, then leave off the manure water, but don’t allow them to get too dry. Follow this treatment and kindly let me know the result.

---

### Standard List of Chrysanthemums.

**Price 5c each:** purchaser’s selection 20 for $1.00; 10 for 50c. **My selection, 25 for $1:** 50c for 12. All correctly labelled. **Plants ready to go out February 15th.**

**The Following Varieties Have Never Failed to Win First Prize Wherever Shown**

| **A. J. Ballof**—Lovely shade of light rose similar to Perrin in color and form, Dwarf, short-jointed growth. Well adapted for exhibition and commercial purposes. |
| **Autumn Glory**—Bronze; immense; incurved; form of Col. Appleton. Fine for exhibition. |

![Mrs. Duckham](image1)

**Mrs. Duckham**—An enormous incurved Japanese flower, with very broad channeled petals. Color, rosy lilac with silvery reverse. Grand in form. One of the most striking for collection.

**Black Hawk**—The darkest crimson yet. V. Morel form.

**Chito**—A good back-row flower for exhibition collections; strap petal: yellow ground with fine red stripes. giving it a beautiful poise. Large, very fine in form and substance. 

**Convention Hall**—Closely resembles the Queen in stem, foliage and form, but is without the objectionable eye. Color, white of an exceedingly pure tone. Very broad center petals, incurving closely. It is unquestionably the finest white that has been produced in many years.

**C. J. Salt—Japanese incurved.** Deep canary yellow. A lovely flower, distinct from all others. One of the strongest growers.

**Columbia**—A variety of exceptional beauty, especially in build, which is perfect, a rounded incurved, the petals of which shine like mother of pearl. Base a purplish shade of pure pink. Still stem, good foliage, blooms of fine size and substance.

**Col. D. Appleton**—A large Japanese incurved yellow, of fine finish and form. The color, a deep yellow, is of an even shade. Excellent stem with foliage to the flower. Mid-season.

**Dr. Eugenich**—A Japanese incurved. One of the best introductions of recent years. It has been awarded highest honors wherever exhibited. Color, a true pink without the slightest trace of purple. Stem and foliage perfect. Equally valuable for exhibition or commercial purposes. Perfectly double.

**Edgar Sanders**—This variety hereafter will occupy a prominent place on the exhibition table on account of its large size, artistic form and peculiar color, dark bronze with broad, incurving petals, showing the reverse only. Received first prize as best bronze.

**Eugene Dafield**—Large, full double: bright yellow, nothing brighter or cleaner.

**Elmer Smith**—Foliage very large, heavy, and dark green: color, cardinal red of a very rich, pleasing shade.

**Frank Hardy**—(White Good Gracious) Incurved Japanese white.

**Mrs. Jerome Jones**—Flower of extraordinary depth. Foliage up to the flower. Stem very stiff and erect. Mid-season. Good keeper and shipper. The ideal commercial and exhibition bloom.

**Fisher’s Torch**—Pure, deep red of entirely new shade: Full. All one tone of color. Does not burn.

**F. S. Vallis**—Bright yellow, relaxed blooms of enormous proportions. A show bloom from M. Garnot. Always a winner in exhibition collections.

**F. A. Cobbold**—A large, handsome flower, on a strong, stiff stem, elegantly foliaged. The color is mauve pink, very attractive. Fine for exhibition or general cutting. Won first price in New York in class of "ten Pink." Mid-season.

**Golden Wedding**—Richest golden-yellow, intense and dazzling. Late.

**Goldeia**—Old gold and tawny yellow. Quite distinct.

**Full center. The size is immense, the color grand.**

**G. F. Moseman**—Buff without and bright red within.

**Good Gracious**—A unique shade of rich pink, remarkable in shape. These petals are incurved, overlapping each other.

**Gloriosum**—Bright sulphur-yellow; first to bloom.

**Geo. G. Childs**—The flower of the red and golds. Easily injured by overfeeding; fine for bush plants; terminal bud.

**Hallowen**—Grand exhibition variety of the very largest size, grandly incurving; very deep. Color hard to describe: a very pinkish gray without, and rose-violet within.
Helen Bloodgood—The first true, clear pink without a trace or shading of purple or magenta.

Indiana—Immiscible, full globular flower, nicely incurved and tiedly finished. One of the very largest varieties. Pure pink, with a lighter shade outside.

Ivy—A pure white flower of globular form.

Intensity—Form reflexed, showing only the bright crimson upper surface of petals. Stems slender, but sufficiently wiry to carry the flower erect. Those desiring succession of flowers can readily conceive the value of a bright crimson in perfection.

Louis Boehmer—The Pink Ostrich Plume.

L’Amethyste—Royal purple of the finest shade, and of extraordinary size.

Modesto—Exceptionally meritorious. The finest yellow for exhibition or trade. Intense in color, unsurpassed in size.

Millicent Richardson—A massive flower, purple claret, with slivery reverse. Free, easy grower. A grand exhibition variety.

Missie Wannamaker—One of the finest in the Chrysanthemum family, a grand white, in great demand.

Major Bonafon—Grand, incurved yellow of large size, full to the center, stem dwarf and erect.

Mrs. Elmer D. Smith—Of the many fine seedlings produced in the last ten years, this one possesses more points of excellence than any of its predecessors. A Jap. Inc. of the most perfect form. Full double, high

MISS CLAY FRICK

with long drooping petals of intense golden yellow color.

Habit excellent.

Mrs. Peabody—A very large, pure white Jap. of fine form and finish.

Miss Minnie Bailey—A seedling from Mrs. Perrin, possessing good stem and foliage, but surpassing the varieties in fullness, being fully double under all conditions. Color, bright pink.

Mlle. Marie Liger—Closely incurving blooms of large size. The color is pearled pink, deepening to a very bright shade at the base of petals. Stems are very stiff, fully covered with hand-tied foliage.

Mme. Paolo Radaselli—A fine grower. Color, creamy white, delicately flushed with rose; a deep, incurving, rounded flower with broad whitling petals, the outer ones reflexing. Beautiful, as well as curious.

Mrs. E. G. Hill—A very large, early pink variety of the Japanese incurved type. Good stem and foliage, and of easy culture. One of the best.

Mrs. O. P. Besse—A sport from Mrs. H. Robinson. Identical with the parent except in color, of which is delicate primrose-yellow, deepening toward the center.

Miss Alice Byron—A pure white variety, with very broad, loosely incurving petals. Dwarf and robust. Fine.

Mrs. Henry Robinson—Ready to cut October 14, and increase in beauty until November 1. In the entire Chrysanthemum family there is no grander white variety, no matter when it blooms. Im miscible, incurving, broad-channeled petals of great substance and of the purest white.

Mrs. Perrin—Nov. 1. Bright rose pink, the very best of this color. Has stiff stem. elegant foliage and a fine rounded incurved flower.

Mrs. W. C. Eagan—a grand exhibition variety, being of enormous size without being coarse. Color, creamy white suffused with lemon. A fine example of the Japanese in curved.

Mrs. H. Weeks—Beautiful, pure white, center incurving, outer petals gracefully reflexing. Prominent among prize collections.

Nevis—Grand white, of easy culture, valuable for all purposes. Can be flowered later.

Nelle Pockett—A grand, new, early, white Chrysanthemum of mammoth size. Creamy white Jap, with long drooping florets, curling at the tips, making a very solid, compact bloom on the style of Mayflower, but very much superior. A heartily grower, with grand stem and foliage. Grand for exhibition purposes.

Omega—A second early yellow of large size, often being 1-2 inches in diameter. In form very similar to Vivien Moore. This variety has given universal satisfaction and is destined to become a leader in its season.

Polly Rose—Pure white sport from Glory of Pacific, and just as popular.

R. Hooper Pearson—Large, broad-petaled flowers slightly incurved, and in color a deep golden yellow; early midseason. Stem foliage and general habits are perfect. Undoubtedly the best foreign variety of recent introduction. Best early yellow.

Silver Wedding—Purest white, very broad petals, reflexed, forming a bold, handsome flower. One of the most distinct varieties of the season. Certificate at Philadelphia show: certificate and gold medal at Chicago show.

Snow Queen—Purest class variety; a large, nicely finished snow white flower of rounded form and good substance.

Sunstone—Most pleasing and distinct in color combination. Petals hook up at end, showing light straw reverse; the upper surface is a bright yellow shading to red.

The Queen—Extra large of the beautiful, half-globular form, with broad, incurved, shapely petals of great substance. Pure snow white.

Timothy Eaton—An enormous, globular Jap. Inc. variety of perfect form and growth. Color, pure white. It captured every prize for which it was entered; also C. S. A. certificate.

T. C. Carrington—A Jap. Inc. of enormous size, measuring 11 inches in diameter and about the same in depth. Color, magenta-rose, with silvery reverse. Grand for exhibition.

Vivien Moore—Color, tender rose, of very silky texture. Petals long and straight, flowers extra size and fine form.

Wm. H. Chadwick—Very large Jap. Color white, occasionally striped with pink. In perfection November 5th and after. This variety should be grown by everyone.

White Swan—This surpasses all of the whites of this section. Closely incurved, high built flower, and very heavily plummed.

White Bonafon—Growth and general habit same as Robinson, but in form identical with Bonafon. Color, pure white. Best from terminal; a valuable Thanksgiving variety.

Yellow Eaton—Bright yellow sport from Timothy Eaton. Considered better commercially than its parent. Good for all purposes.
A. T. Steves—Golden yellow with a shade of apricot. This is a very dwarf kind and is splendid for pot work. Useful for any purpose. Height 3 feet. Takes Crown bud August 20 and later. 25c.

Brots—Large, handsome flower, very bright red, shaded with orange. Ideal growth. One of the best for bush or specimen plants. 10c.

Cheltoni—Bright yellow sport from Nellie Pickett; a winner everywhere. 10c.

Elizee Bonnafond—This is the very largest of the early light bronze section. Matures October 25th; of vigorous dwarf habit. One of the very best. 10c.

Ethely—Japanese incurved. Petals light rose pink at the base, shading lighter at tips; a very handsomely formed flower, which is sure to become very popular when well known. 15c.

F. J. Taggart—The most striking novelty of all the hairy or plumed section; a great advance over this class, being perfectly double, and the hair-like filaments are more pronounced. Color, light yellow. Flowers 8 inches in diameter; an exhibition variety of exceptional merit. 15c.

Golden Age—Intense yellow Jap with waxy foliage and stiff stem; an ideal commercial variety; height 4 feet; crown or terminal 10c.

Golden Star—Immense Japanese blooms; rich golden yellow. Best for late shows or Thanksgiving sales. 10c each.

Guy Hamilton—Pure white Jap: long drooping florets, incurving at ends. One of the largest. Second crown. 15c.

Harry Plumbridge—Japanese incurved: a handsome, waxy white bloom of great depth and width; broad petals, well incurved, very full, one rounded form with outer florets curling; a nice grower; a prize winner. 15c.

Kinkara—A seedling from T. Carrington. The immense blooms are 8x6 inches in size, provided with stiff stem, well clothed with foliage. Very double Japanese, mauve pink with lighter reverse. As an exhibition flower it will be a winner. Height 5 feet: at its best Nov. 5th to 10th.

Lady Hopestown—A beautiful shade of heliotrope pink. Dwarf habit. Good either for commercial or exhibition use. 15c.

Miss Clay frick—White sport from Wm. Duckham. Every mum grower knows the variety. Wm. Duckham; the sport named above is identical with the parent save in color, which is pure white. The variety won the C. S. A. Prize for "best undecorated variety at the Chicago show. 25c.

Mrs. A. T. Miller—A pure white Jap of very large size. In great demand abroad and awarded certificate C. S. A. and other honors in this country. 25c.

Miss Miriam Hankey—One of the giants of the season. Splendid dwarf growth; a mass of pink Jap. Height 4 feet. 25c.

Mrs. George Hunt—Large, soft, yellow Jap Inc.; petals hooked in, similar to Philadelphia, and of same color: a dwarf, robust grower. 25c.

Monsieur—Large commercial white with incurving center and reflexing outer petals; very popular. 15c.

Monsieur—An enormous pure white Jap incurved, of perfect form and finish. Dwarf, robust grower. Winner against all competition last fall, both in collection and single stem exhibits. 10c.

Maywell—Deep crimson with bronze reverse; a successful show variety. 10c.

Miss Helen Frick—Impeccably uniform in every respect to Mand Dean. A Perrin seedling, its stems and foliage equal that variety, but the resemblance ceases: a pure soft pink of varying shades. Very perfect in form. Grand Thanksgiving variety. 10c.

Midnight—Enormous, solid red Japanese bloom, densely covered with hairs. 15c.

Mrs. J. C. Neville—An immense white Japanese of great substance, being 10 inches across and of proportionate depth. Wide drooping florets. 10c.

Mrs. Wm. Duckham—Undoubtedly the best exhibition novelty of the year. Immense Japanese blooms, in color a brilliant yellow at maturity. As a keeper and shipper it has few equals, and its dwarf, free growth will add to its future popularity. Winner of the C. S. A. silver cup, also in other winning collections at Boston. 10c.

Mrs. W. V. West—Grand exhibition white, with broad curling florets that twist and curl into a most beautiful flower. We consider this variety A No. 1 and every exhibition should have it. Bud August 15th. 10c.

Mlle. Jeanne Nonin—Scored 88 and won the silver cup at Chicago for Thanksgiving and later this has no rival. One of the largest size, perfectly globular, finely finished, an easy doer, a splendid keeper and shipper. This variety is queen of commercial whites. 10c.

Mrs. A. Miller—Is the largest of the novelties. Brick-red describes the color and as an exhibition variety in collection its immense size makes it especially valuable. 10c.

Mrs. W. H. Bucklee—Large, pure white blooms, center slightly incurving, outer petals reflexing, robust grower. Late October. A promising commercial variety. 10c.

Mrs. Nathan Smith—Another year's trial has convinced us that in this variety we have a valuable addition to the mid-season whites, either for exhibition, commercial or pot culture. Large Jap Inc; blooms pure glistening white, and of wonderful substance. 10c.

Mrs. Harry Emmerson—A grand variety for exhibition collections, owing to its large size. Color, light yellow. Of very easy culture. 10c.

Sunburst—A Japanese incurved flower of striking color and most beautiful form. The base of the petals is an intense yellow, gradually shading to pale yellow at the edge. Very valuable an exhibition or commercial variety. Height 4 feet. Mid-season. Take bud last week in August. 15c.

Sam Casswell—Narrow florets of deep pink color, striped and tipped white. Very pretty. 15c.

F. J. TAGGART
GERANIUMS.

New and Scarce Sorts, 10 Cents Each.

$1.00 per Dozen.

Alphonse Ricard—Color, bright and vermilion scarlet, semi-double. The flowers are so freely produced as to nearly conceal the foliage.

Braunt—A fine orange-scarlet geranium for bedding and pot culture: The bloom is semi-double and the truss immense.

Beauzie Poitevine—Semi-double, one of the very finest of the Braunt race. The color is a brilliant salmon, changing to apricot at the center, truss colossal, created a sensation at the Paris exhibition.

Charles Germaine—The best double rose pink in the market.

Countess de Harcourt—Double. Pure white, a grand bedder; flowers large and beautifully formed, extremely free in bloom.

Francis Perkins—The grandest bright pink bedding variety to date. Like a double Ben Schroeder. A fine grower and stands the sun perfectly. Very free in bloom. Long stems hold the flowers well above the foliage.

Gloria de France—Very large, double flowers, center dark salmon, large border of rosy white. Fine.

Jean Vialot—Soft, pure pink, semi-double with two white blotches. Dwarf, stocky grower, large trusses, a continuous bloomer.

La Favorite—The finest double white Geranium. Flowers beautifully formed, of the purest white, and retains its color.

Marquis de Montmart—Deep brilliant purple, a very novel and beautiful shade. Fine, large florets, and trusses held well above the strong, robust, deep zoned foliage. An exceptionally striking variety greatly admired. Semi-double.

Very Pompadour—Snow white, strong, vigorous grower with broad fluted foliage, slightly zoned. Flowers abundantly produced in large trusses. Semi-double.

Mrs. Charles Peace—Double. Flowers large and of most perfect shape. Color, an exquisite deep pink, upper petals distinctly marked white.

Mrs. L. E. Hill—Single. The center of each petal is a soft, light salmon, bordered with rosy salmon and veined deep rose. Frequently throws six petals. Resembles a rare begonia bloom more than a Geranium.

Mrs. J. M. Gay—Probably the finest of the single white bedding varieties. Semi-dwarf.

Madame Braunt—Single. Very showy and novel, center of flower is white, veined with carmine lake, each petal regular and distinctly bordered bright solsino. Excellent as a pot plant, being a continuous bloomer in summer and winter.

Mme. Jacinthe—Semi-double. Very large florets compose a truss of great size; center, tender pink, surrounded by border of white. For freshness and beauty this color is without a parallel.

Peter Henderson—A superb variety, grand in habit, habit and size of bloom. Trusses enormous, stem stiff, holding the bloom nicely above the foliage. Flowers semi-double, flat and broad.

P. Cray—A grand hybrid between the Zonales and Ixies. The color is soft, bright scarlet, the habit is perfect. Semi-double.

Single Gen. Grant—A superb bedding variety with very large trusses and brilliant scarlet flowers.

S. A. Scott—The very best of the dark crimson-scarlet bedders. Always in heavy demand. Stands the bloom perfectly and is always a mass of blooms. Double.

Trewg—A grand red bedder intermediate between a Ricard and M. Castellane. Semi-double.

Mixed Geraniums—In these are many of the kind sold last season at 25c each, but quite a lot of our stock after being cut were accidentally mixed and from this lot you will get most of the best geraniums—Price 10c each. This class of the Geranium is a most useful one. The leaves are ivy-shaped, thick and glossy, excellent for vases, hanging baskets or to be trained on a trellis.

Scented Geraniums, price 10c each, 3 for 25c.

Apple—Delightful fragrance.

Lemon—Small leaves, strongly scented.

Rose—The old fragrant variety. Always a favorite.

Nutmeg—Very fragrant.

Stephan—Finely cut foliage, strongly scented.

O'heny—Amber—A rare, beautiful, strong selection of the very finest geraniums, semi-double. Price 3 for 25c.

Susan—they are the finest kind of the kind ever grown. Price 3 for 25c.

W. R. Church—Japan once incurved, rosy crimson bronze reverse with greenish golden tips. A most charming variety and of the best exhibited in New York last fall. A noted prize winner. 15c.

Yellow Mad. Carnot—A yellow sport from Mme. Carnot. 10c.

Qhrysanthemums—Continued.
Archillea Alba (The Pearl.)

The Pearl—This new variety is one of the most desirable hardy flowering plants grown. It is a hardy perennial. Its flowers are perfectly double, pure white and are produced in great profusion throughout the summer. Valuable for bouquets and designs. Also unsurpassed for cemetery planting. 5c each; 9 for 25c; 50c per dozen.

Asparagus.
No Other Green Mixes with Cut Flowers as well as Asparagus.

Plumosus—The stems of this extremely elegant plant are tufted, slender and gracefully arching. From the upper portions of the branches, which are finer than the fronds of the most delicate fern, the beautiful foliage spreads in all directions. The whole plant is of a bright cheerful green. It is one of the most distinct and effective decorative plants for the stove or warm conservatory, and should be grown wherever circumstances favor its cultivation. 10c. 15c, 25c and 50c.

Sprengeri—A beautiful variety of this graceful class of plants especially useful to grow as a pot plant for house decoration. Branches or fronds 4 to 5 feet in length; a rich shade of green—A useful plant for cutting and for decorating, as it retains its freshness for weeks after being cut. It is easily managed of which rope-like racemes of velvety crimson flowers, 1 to 2 feet long and nearly 1 inch thick, and gracefully suspended. The illustration conveys but a faint idea of the beauty and distinct warm coloring of this plant. 15c. and 25c.

Treculor.—Foliage broad, mottled and blotched crimson scarlet and rose; always of bright color; neither fades nor burns during our warmest weather, but should be kept pinched-in to make a bushy plant (see cut). 15c. and 25c.
Achyanthes.

For brilliancy and grace this class of foliage plants rivals the Coleus and is much less liable to burn; thrives in any soil and is not easily killed by frost. They make intensely bright beds, and show off splendidly in borders to taller growing plants. 10c each. $1.00 per doz.

Allamanda Variegata—A showy climber, bearing large and beautiful golden-yellow flowers 4 inches in diameter. It blooms in clusters and is superior in coloring and size to any of the Allamandas. Will thrive in warm houses, though greenhouse treatment enhances its beauty. 25c and 50c.

Aloysia Citriodara—A well known plant, noted for its delightful fragrance of foliage; indispensable for bouquets. 10c.

Ageratum—Stella (garden)—Compact, even habit; color a fine deep blue and literally a sheet of bloom the entire season; finely adapted to winter blooming in the window garden or conservatory. Price 5c each, 6 for 25c, 50c per dozen, $1.00 per 100.

Auracaria Excelsa—Norfolk Island Pine—Norfolk Island Pine is one of the most servicable plants for house decoration, well adapted to room culture, and exceedingly attractive and graceful in appearance. See cut. $1.00, $1.50, $2.50 and $5.00 each.

Alyssum—New Double Dwarf—Very neat and valuable. Similar to the single variety, but far preferable. 5c each, 50c per dozen.

Banana Shrub—Magnolia Pustata—Well known for its fragrant flowers, which it produces in great numbers. Beautiful and desirable. 50c each.

BEGONIAS—Flowering Varieties—Price 10c each; $1.00 per doz. Large plants, 25c.

Alba—A beautiful variety; large, deeply cut foliage of a rich brownish green, spotted silverly white; large white flowers. 50c each.

Alba Picta—Long pointed, slender leaves, thickly spotted with silverly white foliage, small and elegant.
Begonia Rex—Ornamental Leaves.

Price, except where noted, 10c each: $1.00 per dozen. Large plants, 25c.

This class with so many different shades of the leaf, combined with an endless variety of markings and richness of color, stand unrivaled for beauty and elegance.

Bertha Mcgregor—Long leaf, pointed and with six deep notches. A fine, strong grower, producing foliage in abundance. The center of leaf is small, dark and palm-shaped, the body of leaf being solid silver outlined bronze. 15c each.

Bronze Beauty—Fine, solid color, soft and velvety; one of the best.

Countess Louise Eddy—This variety is strikingly peculiar. The leaf has a peculiar metallic luster, shadings into coppery rose toward the margin, the spiral twist of the leaf giving it a very curious appearance. 15c each.

Louise Chosson—The most highly colored of the Rex family of the type of L-Cretien, but much brighter. The leaf is zoned with very bright rosy velvet and shaded to bronze maroon: a nice free grower; 15c each.

President Carnet—Very beautiful; strong, vigorous grower; light brown foliage beautifully marked, giving it the appearance of frosted silver over most of the leaf.

Queen Victoria—Solid silvery leaf of crepe-like texture, covered with red pile, center and edges soft and green as velvet. Pieces of Flanne—Leaf of soft velvet texture, covered with red pile; center and edges soft and green as velvet, the zoms formed by small silvery dots.

Revolution—The new variety, with whirled leaf; very free in growth; very odd, showing the double whirler; 15c each. I have 20 kinds not mentioned in this list.

Carnations—Price 10c each, $1.00 per doz; different kinds, not labeled, 8 for 50c; 16 for $1.

The great improvement made in this grand race the past few years has directed popular attention to them until now they are exceeded by the rose alone in the number annually grown for cut flowers. Our collection contains only sorts of approved merit and our plants are in the finest possible condition.

Enbon—A lovely shade of crimson scarlet, flowers large and fringed, very free bloomer. The best red Carnation.

Enchantress—Just what the florists are looking for— a light pink Lawson. It is larger in size and longer stemmed; a beautiful shade of light pink, deepening toward the center. Immense, attractive flowers of fine form and exceptional keeping qualities. The growth is ideal; very healthy, vigorous constitution.

Flora Hill—The grandest white variety to date. The flower is of enormous size. and rounded, built with stems strong enough to support the blooms nicely. Good calyx.

Lady Bountiful—A pure white, three inches across, splendid calyx and good clove fragrance; for a big, fine Carnation this is a marvelously free bloomer.

Mrs. Thomas Lawson—No plant of any kind has ever received so much description and free advertising by the newspapers of the Whole country as this sensational Carnation, which is said to have sold for $30,000. The size is enormous, stems stiff. It is free in growth; very free in bloom, of strong, healthy constitution; and of a true pink color; altogether a twentieth century Carnation.

White Lawson—A pure white sport from the popular variety, Mrs. Thomas W. Lawson. Identical in every respect except color. To most florists it will prove more valuable than the original.

CARNATION, MRS. THOS. W. LAWSON.
New Dwarf French Cannas.

Few flowering plants combine so many good qualities as the modern Cannas. They are the most important new addition to the floral world. Nothing equals their combination of bloom and tropical effect, and the low prices, for the very choicest, place them within the reach of all.

Austria—A splendid variety. The outer petals are bright scarlet with a broad yellow border, the inside colors being scarlet and dark red, beautifully mottled and variegated; height five feet. Dormant roots. 10c.

Duke of Marlborough—The darkest Canna known, a beautiful crimson-maroon. This is a sturdy, erect grower, fine metalic green foliage. No matter how many varieties you may have, you need this one to make your collection complete, for it is entirely distinct from all others. 15c.

Express—Color, bright scarlet-crimson. Large, broad petaled flowers in immense, compact trusses. Under favorable conditions it only attains a height of 3 feet, but generally 2 to 2 feet. This adds to its free, clean growth, makes it an ideal crimson bedding plant.

Madame Crozy—The color is a brilliant vermilion-scarlet, bordered with deep golden yellow; the flowers are borne in great clusters, and in such profusion that they crown the borders with a blaze of glowing color.

*Mile. Berat. 4 ft. Long-petaled flowers of rose-carmine. 10 cents each.

Gladitor—The big, round flowers of bright yellow petals are thickly dotted with pure crimson, smaller center petals are solid crimson, rich and glowing; blooms profusely. Heads are usually large and borne on large strong stalks; with tough, deep green foliage. Gladitor will stand the storms much better than any other Canna. Height 4 to 5 feet. 15c each.

King Humbert—Has flowers as large as the largest of the orchid flowering Cannas. Bright orange scarlet streaked with crimson. Foliage is bronze with brownish-green striped leafy leaves of a very large number of varieties, in each flower bud. Height 5 feet. 15c each.

Kate Gray—Green foliage. Immense flowers 5 to 6 in. Most of the flowers have five petals, giving them a fine double appearance. Color, orange-scarlet flaked with yellow. Each 10c.

Martha Washington—The flowers are extra large, often measuring over 5 inches across; clear bright rose pink, exceedingly grand and beautiful. It is a healthy, vigorous grower, and a prodigious bloomer. Height 3 feet. 10c.

Niagara—We consider this the best of the low-growing variegated Cannas. Great handsome trusses; broad, thick, durable petals; color, rich deep crimson with a wide irregular border of deep golden yellow. Height 3 feet. Green foliage. 15c.

Papa Nardy—A new French Canna, growing about four feet high, with bright green foliage. Flowers large and well rounded; beautiful purplish crimson. 15c.

Queen Charlotte—The enormous flower spikes, towering grandly above the foliage; bear a beautiful bouquet of perfect form, with petals of a velvety red broadly penciled with bright canary-yellow. 10c.

Rosemawr—The color is bright rosé pink, elegantly mottled with rose and shaded with rich golden yellow at the throat. Height about 5 feet. 15c.

Cestrians.

Night Blooming Jasmine—Pure white; very fragrant and beautiful. 10c.

Cissus Discolor—A well known climber, with large, dark green leaves. The flowers are borne in clusters. 10c.

Coleus.

These make the showiest and cheapest bedding plants we have. There is such an endless variety in their color, and markings that, with a little taste in planting varieties, the most gratifying results can be obtained at a trifling cost. They are of easy cultivation and make fine specimens in a very short time. Planted should be set about a foot apart; so that is easy to figure out how many plants are needed. We grow them in large supply of best sorts, 5c each, 50c per dozen, $2.50 per 100.

Caladium Esculentum.

Elephant's Ear—One of the most effective plants in cultivation for the flower border or for planting out upon the lawn; it will grow in any good garden soil, and is of the easiest culture. Price of bulbs 10c, 25c, 50c and 75c each.

Dracaena—A family of plants noted for odd and beautiful foliage and diversity of forms.

Sanderiana—An upright, sturdy variety that is very useful as a center plant in gardeners to mix among the large-leaved foliage plants in the conservatory. Alternating lanceolate leaves of dark green prety variegated with creamy white stripes. 25c.

CISSUS DISCOLOR.
The popularity of Ferns has increased wonderfully. In the past few years I have added greatly to my collection, which is now the largest south. Ferns are now indispensable in all choice table and house decorations. Where there can be a little moisture and shade all varieties listed will do well. They delight in a good leaf mold. Good drainage must be provided, as stagnant water allowed to remain about the roots is fatal to Ferns as well as all other plants.

The Boston Fern and Its Varieties

Nephrolepis Amabilis—(The latest improved Ostrich Plume Fern)—This is the latest addition to the Ostrich Plume type and is certain to prove a welcome and popular variety, holding for delicacy and gracefulness the same position among the Nephrolepis that Adiantum Gnidium does among the Maiden Hair Ferns. The pinnae are so finely divided that it reminds one of a piece of fine lace, the fronds are broad and of a depth which gives them a cushion-like appearance. It forms a beautiful specimen and is admired by everyone who sees it. We are now booking orders for May delivery. 50 cents each for 2 1-2-inch pot plants. See back cover.

Nephrolepis Whitmani—In this we have unquestionably the most valuable Nephrolepis of the Ostrich Plume type yet introduced; not only is it of dwarfer and more compact habit than the N. Elegantissima, but the plume being more deeply divided, gives the plant a more graceful appearance, while another important point in its favor is the fact that not a single frond has ever reverted to the common Boston Fern. Strong 2 1-2-inch pots 15c; 3 inch pots 25c and 6-inch pots $1.00 to $1.50, 8 inch pots $2.50.

Nephrolepis Barrowsii—A new variety of the Piersoni Fern. In this new variety we have a dense, compact form of the Piersoni Fern, in which the fronds are not only shorter and broader, but it grows bushier, and what is more important its fronds are supported on stiff midribs, which gives the plant a shapelier form. We have every reason to believe that this will hold the same position to the Piersoni Fern that Scotti now holds to the old Boston. 2 1-2-inch pot 15c; 3 inch pot 25c; 4-inch pot 50c; larger pots up to $1.50 and $2.50.

Nephrolepis Scotti—(The Boston Dwarf Fern)—This is the latest and probably the best house plant in all the Sword Ferns. Identical to the celebrated Boston Fern except that it is smaller in all its parts, more compact and makes a nice specimen in a short time. 2 1-2-inch pots 15c. 3 inch pots 25c; 4 inch pots 50c; 6 inch pots $1.00 to $2.50.

Nephrolepis Bostoniensis—(The Boston Fern)—The fronds grow six feet long. It has been commonly called the Boston Fern. Nice young plants, 15c. 3-inch pots 25c; 4-inch pots 50c to $2.50.

N. Cordata Compacta—A useful and desirable Nephrolepis. It is of rapid growth, good color and very graceful. 10c, 25c and 50c.

N. Davalliolides Furcatus—A beautiful and distinct crested variety, with numerous arching fronds; makes fine specimen plants in a very short time. 25c and 50c.

N. Wittboldii—A new variety introduced. Growth is very strong and erect, and not so slender as the Boston Fern. The fronds are very distinct and not easily injured. Large specimens make beautiful decorative plants. Nice young plants, 2 1-2-inch pot 15c; 3 inch pot 25c; 4 inch pot 50c.

Osculum Japonicum—A most desirable species with finely divided pinnae; excellent for a table decoration. 15c and 25c.

Pteropusium Auriculatum—(Rabbit’s Foot Fern)—Large foliage of a distinct bluish color. 15c.

The Moss Fern—A beautiful upright growing moss, with numerous feathery stems branching from the base and forming a dense tuft. Well grown plants attain 12 to 18 inches in height and of corresponding diameter. We know of no moss superior to it, and it is exceedingly appropriate for table decoration. Strong 2 1-2-inch pot plants. 15c.

Adiantums.

(Maidenhair Ferns.)

Alsoporia Australis—(Australian Tree Fern)—A very rapid growing species. 25c and 50c to $2.50.

A. Capillus Veneris Mariel—(New)—Handsome, hardy Maidenhair Fern. 2 1-2-inch plant 15c; 3 inch plants 25c; 6-inch pot 50c; 8-inch pot $2.50.

A. Capillus Veneris—(Maidenhair Fern)—A very graceful plant and easily grown. One of the best. Nice plants, 15c, 25c and 50c.

A. Cunia—The Maidenhair. This variety is a general favorite. 15c, 25c and 50c.

A. Decorum—A hardy, strong, growing variety; bronze foliage. 15c, 25c and 50c.

In mild weather we use light baskets for packing express orders.
Fuchsias.

Nothing more graceful than the Fuchsia grows, and its peculiar charm has made it very popular. Since the introduction of the first variety in England a generation ago, the improvement of the flower has been steadily pursued and with the most gratifying results. We now present varieties of the utmost freedom and beauty of flower, together with strength and graceful habit. Price, except where noted, 10c each, $1.00 per dozen.

Arabella—Tube and sepals pure white; corolla rose.

Aurora—Orange-scarlet corolla; sepals a rich salmon; a beautiful sort.

Black Prince—Large expanded corolla of reddish-rose color; broad waxy carmine sepals, with pale green tips.

Day Dream—Corolla maroon, sepals crimson; fine vigorous grower and a free bloomer.

Mrs. E. G. Hill—Very large and double; beautiful form; sepals red, corolla white.

Phenomenal—The largest double Fuchsia; blooms are actually two inches in diameter under good cultivation. Tube and sepals reddish crimson, corolla clear, azure-violet, flaked red.

Farfugium Grande. (Leopard Plant.) See page 28.

A first-class ornamental plant for pots; well adapted for house culture. The leaves are nearly round, thick and leathery, beautiful dark, glossy green, with large yellow spots; hardy; 25c and 50c.

Hibiscus Rosa-Sinensis.

These plants are becoming very popular as bedding plants, being almost continually in bloom and very effective, either planted out or cultivated in pots. The greater the heat the more numerous and beautiful, large and magnificently colored flowers. Price 10c and 25c.

Brilliantissimum—Large single flowers of the richest and most brilliant carmine scarlet, finished with orange; base of petals stained deep crimson.

Crimson Eye—A remarkably showy and handsome hardy plant. It is a robust grower. The color is of the purest white, with a large spot of deep velvety crimson in the center of each flower. It will succeed anywhere and is perfectly hardy in all sections of the country.

Grandiflora—Single, large flowers of rosy crimson.

Jaune—Double yellow.

Rubra—Double red.

Southern Beauty—A wonderfully beautiful herbaceous Hibiscus, a remarkable bloomer and so fine as to be generally cultivated by all. It forms pyramidal-shaped specimens, lower branches slightly reclining, clothed with five-cleft leaves, segments toothed and crimson margined, presenting a fine appearance. In open ground it is covered with handsome deep crimson flowers, shading darker to throat till almost black. When pot grown it begins to bloom in thumb-pots while not more than three inches high. Entirely hardy and of the easiest culture.
This is one of the finest plant novelties offered in recent years. The flowers are double and from four to five inches in diameter, and of a charming, rich, clear pink color, with a small deep crimson center. It blooms abundantly and continuously even on small plants; may be easily wintered in greenhouse or dwelling. 15 cents.

**Hydrangea.**

**Hortensis**—The well known garden variety, producing immense heads of bright pink flowers. 15c, 25c and 50c.

**Thos. Hogg**—Pure white flowers. 15c, 25c and 50c.

**P. Paniculata Grandiflora**—Continues to be one of the best and handsomest hardy ornamental shrubs grown. It blooms finely the first year and gets better and grows larger with age. The flowers are pure white. In great demand for lawn, cemetery and park planting. 25c and 50c.

**Heliotropes.**

Below we give a list of choice and distinct varieties of this popular and indispensable plant so much valued for its fragrant flowers and successive bloom. Price 8c each, 4 for 25c: not labelled, 18 for $1.00.

**Albeet Delaefs**—Foliage is a bright golden yellow, marked slightly with a delicate green.

**Queen of the Violets**—Deep violet purple, with large almost purple white center, very fragrant; has recently become very popular.

**Mad. Bruant**—Plant dwarf and exceedingly free blooming. Immense panicles of very large flowers, rich purple with a large white eye.

**Snow Wreath**—The nearest approach to pure white; large trusses, compact growth.

**Swanley Giant**—The largest of Heliotropes; rich lilac.

**Impatiens Sultani.**

This is one of the most distinct and beautiful plants either as a pot plant in winter or for summer bedding of compact, neat habit and always in bloom; the flowers are bright rosy scarlet, and contrasts finely with the flossy, lively green leaves. Also have this plant in a beautiful salmon-pink. 10 cents each. larger plants, 25 cents each.
Parlor Ivy.

A very rapid grower, with smooth, glossy light green leaves, fine for baskets, vases, etc. 5c each.

Jasmine.

Grandiflorum—(Catalonian Jasmies)—Flowers pure white, star-shaped and very fragrant. Blooms from October to May. 15c.

Grand Duke—Flowers double, white, like a miniature white rose; delightfully fragrant. 15c. and 25c.

Farfugium Grande.

(Leopard Plant.)

See page 26.

LANTANAS.

One of the best summer flowering plants for our climate; equally fine in dry or wet weather, sun or shade. There are few bedding plants that bloom more continuously or afford a greater variety of color. When grown with a single stem and trained as standards, with fine bushy tops and straight stems, they present an effect that is surpassed by few plants. Price, except where noted, 5c each, 50c per dozen.

Argus—An orange crimson; dwarf and extra large flowers; very fine, new sort.

Countess Moray—Flowers lemon color.

Favorite—Yellow merging into crimson.

Francis—Very dwarf; flowers large and a rosy lilac.

Javoli—Purest white; very large flowers.

Harkett’s Perfection—A new variety, with beautiful fresh and yellow flowers and golden variegated foliage.
NEW WEERING LANTANA.

Mrs. McKinley—This charming new weeping Lantana is admirable for baskets, vases or pots; but it is, if possible, more beautiful still when bedded out. The flowers are borne in elegant clusters in bloom all the time. Price strong plants 10c each, $1.00 per dozen.

PONDEROSA LEMON.

LEMON.—American Wonder, or Ponderosa—It is a true, ever-bearing variety. The tree has fruit in all stages of development, from the size of a pea up to the ripe fruit, showing it to be a true bearer. In addition to its fruit bearing qualities, it makes a very handsome plant for house culture. The dark green foliage is very large and handsome and the pure waxy flowers with yellow stamens are nearly as fragrant as orange blossoms, which they greatly resemble. Price, nice plants, 10c each; strong 3 inch pot plant, 25c.

HELIOTROPES. (See Page 27.)

MOON-FLOWER.

Price 10c each, $1.00 per dozen.

Ipomea Nootphila—Large Moon-Flower, or Evening Glory.—Flowers pure white, 4 to 5 inches in diameter. Very rapid grower and free bloomer.

Ipomea Leari—The Blue Moon Flower.—This is a grand companion for the white variety. It is similar in all respects except the color, which is a lovely satin blue, with crimson bars. When grown with white the effect is grand.
Manettia.

Bicolor—A charming and profused flowering climber, producing tubular flowers an inch long, the plant being literally covered with them the entire season. Flame color tipped with bright yellow. 5c each.

Oleander Double Pink.

As a tub plant this has no equal. Give plenty of water and rich soil; can be kept over winter in any kind of cellar or pit in which it does not freeze. The oldest and a well known, good bloomer. The flowers are borne in showy clusters, and are a bright waxen pink. Strong plants. 25c.

Otaheite Orange.

This interesting variety grows, blooms and fruits freely in pots. The delicate and beautiful flowers are rich in perfume and are produced in great abundance. A more attractive plant for window gardens is difficult to obtain. Strong 2½-2 inch pot plant 10c. 3 in. 25c.

Oxalis.

Oertei—A new variety growing a foot or more in height. The upper side of the leaf is rich olive green, the under side purple. This is not a bulbous rooted variety. Flowers yellow; a constant bloomer. 10c.

Olea Fragrans.

[Sweet Olive.]

A favorite greenhouse shrub, with small white flowers; deliciously fragrant. The perfume of a single plant is sufficient to fill a room. Nice, strong plants. 50c.

Palms.

We are cultivating some of the most desirable and popular of these beautiful plants. This class of plants in a young state does not show its distinctive characteristics. Never repot until the pot is well filled with roots. Then use pots only one size larger than those the plants came from. Drain the pots well; use good garden soil and pack in the soil tight around the roots. Do not set the base of the plant under the soil. Water only as the soil requires it. My plants are in first-class shape and are sure to please.

Areca Lutescens—One of the most valuable and beautiful Palms in cultivation. Bright, glossy, green foliage and rich golden yellow stems. Price $1.00 to $5.00, according to size; 4 inch pot plants 50c; small plants, 25c each. See cut.
Kentia Belmoreaa—A graceful variety, with leaves which have the appearance of being curled; a robust growing variety: small plants 50c., 4-inch pot plants 50c., and 75c., larger plants $1.00 and up to $5.00.

Kentia Fosteriana—One of the finest of the Kentias, with graceful, bright green foliage. Small plants 25c., 4-inch pot 50c. and 75c., larger plants $1 to $2.50.

Latania Barbonki—Leaves large, fan-shaped, with pendant marginal segments; bright green tint; one of the handsomest and most useful Palms in cultivation. Fine for pot culture. 3 inch pot plants 25c., 4 inch pot plants 50c. and 75c., larger plants $1 to $5 each. See page 29.

Phoenix Reclinata—Beautiful reclinata foliage, a graceful and exceedingly ornamental Palm. 50c., 75c. and $1.00 each.

Cycas Revoluta—Sago Palm—A valuable decorative plant both for garden and house. We have a beautiful stock of this old favorite. Hardy at Charleston. Each.

Stems 5 in. in diameter, 10 to 12 perfect leaves $1.00
Stems 4 in. in diameter, 8 to 10 perfect leaves 75c.
Stems 4 in. in diameter, 6 to 8 perfect leaves 50c.
Stems 5 in. in diameter, 5 to 6 perfect leaves 25c.

Umbrella Palm.
The plant shown in the engraving [page 30] is one of the most useful of our house plants. It is exceedingly hardy in constitution, and if given plenty of water, will thrive where others would die. Being semi-aquatic in its nature, it is very pretty when grown in a bowl and kept filled with water above the soil. 15c., 25c. and 50c.

Pansies—Giant Mixed.
The ground must be rich, using only well decayed manure; and avoid planting in a dry, exposed place. They delight in partial shade and moisture. 5c each, 50c per dozen. Small plants by mail $2.00 per 100.

GIANT PANSY.
Panicum Variegatum.
Variegated grass of drooping or creeping habit; a valuable plant for baskets, vases or fern dishes. 5c each, 50c per dozen.

Double Petunias.
This collection offered this season is particularly rich in color. Flowers of the largest size, fine in form and very double. Price 10c each, 2 for 25c, 12 for $1.00.

Petunia, Pink Beauty—Large, clear pink.
Gem—Variegated, white and crimson.
Majestic—Rich, deep, purple and crimson.
Seafoam—Best of double whites.
**Plumbago**—These Plumbagos are desirable on account of their beautiful shades of flowers, which they produce abundantly through the whole summer. They stand the sun admirably.

**Capensis**—Light blue; very free flowering. 10c each; $1.00 per dozen.

**Capensis Flora Alba**—The exact counterpart of Capensis except in color, which is a creamy white. It is constantly in bloom throughout the season. 10c each, $1.00 per dozen.

**Russelia Multiflora**—(New)—Profuse bloomer, a well known plant bearing a perfect shower of bright coral-red flowers; the most dainty basket plant extant. 10c each, $1 per dozen.

**Sansevieria Zealanica**—A new decorative plant of great beauty and value. Splendidly adapted for the decoration of drawing rooms or halls, as it stands drought or dust with impunity and requires scarcely any water. The leaves grow to a length of three or four feet and are beautifully striped crosswise with broad variegations on a dark green ground. 10c, 15c and 25c; larger plants, 50c and 75c each...

**Salvia**—Excellent summer-blooming plants, especially brilliant in the fall months; fine for bedding, of easy culture.

**New Salvia Splendens**—(Silverspot)—The distinctive feature of this splendid novelty is its handsome spotted foliage. The leaves are a rich, soft, dark green with light sulphur or cream-colored spots of various sizes liberally sprinkled over them.

**New Dwarf Salvia Splendens**—Forms a compact bush, completely covered with rich scarlet flowers all summer; grows 12 inches high.

**Splendens**—(Scarlet Sage)—Long flower spikes of the most dazzling scarlet. PRICE of the above three 5c each. 50c der dozen. $4.00 per hundred.

**Swainsona**—Gagefella Alba—A most desirable ever-blooming plant, with pure white flowers produced in sprays of from 10 to 12 flowers each, the individual blooms resembling a Sweet Pea. Its easy culture, growing in almost any light position, its freedom of bloom, and the grace and beauty of the flower and plant make it popular.

**Swainsona Rosa**—A pink flowering variety; very pretty. 10 cents each; 3 for 25 cents; $1.00 per dozen.

**Tube Rose**—Double Pearl—Dwarf sort; 5c each, 50c per dozen.

**Mammoth Verbenas**—With the exception of the Geranium the Verbena is the most popular and useful of our bedding plants. Colors run from the purest white to scarlet and maroon, through all shades of blue to deepest purple; some have white or cream centers; others are striped, etc.; 5 cents each, 50c per dozen. $1.00 for 25, $4.00 per 100.

**Vinca**—**VARIEGATED LEAVED**—An elegant, slow growing, climbing vine; bright, glossy green leaves, widely bordered with creamy white; always bright and pretty; extra nice for pots, vases, baskets, window boxes and rockers; good everywhere; always wanted. Price, 10c each; 5 for 50c; 12 for $1.00.

**Violets**—(Sweet Scented.)—Marie Louis—Double flowers; deep blue. 10 cents each; 3 for 25 cents; 75 cents per dozen.

**Mammoth, Flowered, Verbenas**
Shade and Ornamental Trees.

How to Plant Trees.

Preparation of the Roots.—Cut off smoothly all bruised or broken roots up to the sound wood. This prevents their decaying and hastens the emission of new roots and fibers.

Preparation of the Top.—This consists in cutting back the top and side branches in such a way as to correspond with the more or less mutilated roots, as follows:

Trees with branching heads should have the small branches cut clean out, and the larger ones, intended for the framework of the trees, cut back to within two or three buds of their base.

In cases where there is abundant root, and small tops or few branches, the pruning need be very light, but where the roots are small and the tops heavy, severe pruning will be necessary.

These remarks are applicable to all deciduous Trees and Shrubs. Evergreens seldom require pruning, but Arborvitaë and other Evergreens planted in hedgerows may be advantageously shorn immediately after planting.

Silver-Leaved Maple.—A hardy and rapid-growing tree of large size; valuable for producing quick shade. Excellent for yard and street planting; does not throw up sprouts from roots. Nice trees, 10 feet high, guaranteed to grow; $1.00 each.

Magnolia, Grand.—Too well known to need description. Spring is the best and safest time for planting. This makes it absolutely safe in transplanting. Price, open ground plants, 75c and $1.00 each, 2 and 2½ feet high.
